## LOCAL JOTTINGS

Have you called for your copy of the Patriotic album?

Mr. M. E. Sly is publishing the history of the Patriotic Album Committee in Calgary.

Captain Harry Woods, of the Royal Horse Cavalry, spent his weekend here, and gave the Strathmore Cavalry drill.

On Sunday afternoon, as the regular train left this station en route to Lethbridge, occupied by members of The Canadian Motor Transport Corp. of Vancouver and Victoria.

Mr. Stevenson, who for the past four years has been the chief of the Major's Last Hotel, left on Tuesday en route to friends in the States.

Mr. Surtees, Mr. McLeaverty, and Mr. Rawdon, left on the special former train on Monday afternoon for Calgary where they will attend the sessions of the Alberta Convention as delegates from the Strathmore Union.

Mr. Neumann, formerly of Strathmore, has now settled in Lethbridge; has been receiving delegations to Calgary where he is on his way back to S.C. after having paid a visit to Saskatchewan to look after his farm interests there.

Mr. Andrew Hals, who farms some four miles south of town had the misfortune to lose his house by fire, the early part of November. He is still in temporary quarters with hot ashes. The chicken houses and residence were completely destroyed and the loss amounts to some \$1000.00 on which there is no insurance.

The local post office is now being illuminated with electric light. Mr. Rawdon, Hill, has agreed to have his services across the street from his pool hall, and continuing along. We understand that he has received a gratifyingly large response.

The south side of Strathmore is becoming light-speed, and is seriously contemplating acceding to their requests.

On Monday January 10th, when the thermometer was 40 below zero, Elizabeth Patten, the third year daughter of Mr. and Mrs. G. L. D. Patten, while running up the steps to the front door, sprained her ankle. Her mother and father, with the boys, and brother, were at home, whereupon the parents sent a telegram to the nearest hospital, "Wade, Colorado." The parents and children were at home, and left him with the boys, and brother, while the parents went to the hospital.

Mr. Roy Gresham, who has been detailed to the Hospital at Calgary for the past month, returned to his home Saturday evening. He is much improved in health and is in a fair way to a complete recovery.

Quinn, Harry, requested that we publish his name as the author of the poem "The Soldier's Prayer". These lines may be obtained directly from the Patriotic office.

Cards are urged to buy the "Smoking Cigarette" as it goes to the Canadian Red Cross Fund.

The matter of a committee to take care for the wounded soldiers was discussed at the meeting of Deputy Reeve, Mr. Watson, and other members of the Council.

The Secretary then called for nominations for the position of Deputy Reeve for the year 1916. Councilor Lounsbury moved that Mr. Arthur Watson be nominated for the office of Reeve. This being carried, Mr. Watson was duly elected as Reeve by acclamation.

The Secretary then called for nominations for the position of Deputy Reeve for the first half of the year 1916. Member of Councilor Lounsbury moved that Mr. Roy Gresham be nominated for the office of Deputy Reeve. This being carried, Mr. Gresham was duly elected as Reeve for the first half of 1916. The election of further committees, Mr. Lounsbury was duly elected.

The minutes of the previous meeting were then read and motion of Mr. Lounsbury were adopted.

The matter of a committee to take care for the wounded soldiers was discussed at the meeting of Deputy Reeve, Mr. Watson, and other members of the Council.

Dr. Madsenborg, a graduate physician and executive vice-president of Calgary, will again be at the King Edward hotel, Strathmore, Friday, Feb. 12th. Your eyes will be expertly examined by the dark room tent. Fees are moderate.

Mr. Joe Van Tighem, dentist, has been appointed to the dental committee for the British Red Cross Fund and that he is willing to accept donations from any person.

The number of committee are not in such a happy position as to be able to afford \$2.00, but if ten persons can band together to each the desired result will be attained. All contributions will be cheerfully received.

Mr. Len McDonald, who resides on a farm some miles outside of town, has been pleased to come to Strathmore and drive in with a brand-new midget which he had just completed.

The midget is his own handiwork and is a credit to him, and would be an

any of the houses that are in

the line of business. Mr. McDonald is eighteen years of age and

wishes to make a living

and a home, and cannot afford to be idle.

In view of his young age,

he has no money to start him off,

## Council of the Municipality of Bow Valley Park.

A meeting of the new council of the Rural Municipality of Bow Valley was held in the village of the cemetery on Saturday Jan., January 16th.

The new council consists of the following members: Mr. W. G. Gresham, Mr. W. L. Lounsbury, Mr. L. L. Watson, Mr. C. F. Baker. The first four councillors were present at the meeting on Saturday.

The "Secretary" first called for nominations for the position of Reeve for the year 1916. Councilor Lounsbury moved that Mr. Arthur Watson be nominated for the office of Reeve. This being carried, Mr. Watson was duly elected as Reeve by acclamation.

## THE CALL OF THE BUGLE

The Empire needs, in this dark day of slaughter Great-hearted men, shewed by doom or dread: What valour have you known, what service brought her.

To meet the tribute of your glorious dead?

You meet your standard boldly flaunted, While peace around ye guarded like a wall, What do you know when freedom is blood-bathed?

Do braver words but make your deeds seem small?

When in the future days they tell the story Of how the brave, the hero-hearted died!

When Liberty is crowned with fadeless glory, Will you be standing honored at her side?

Because you ventured all nor sought a reason Why other men should die and you go free, Because you held not back in coward treason While comrades fought your fight on land and sea?

Amid the gallant ranks that did not waver Before that blight that shook old Britain's shore?

Will you be one whose prowess helped to save her?

Who went to war that war should be no more?

The trooping in the harbor rideth ready, The combat thickens. Hear the mournful word The lion's roar is mocking! Let the anchor steady High tide. The ships away! Are you aboard?

Albert D. Watson.

## A Sad Day.

GEORGE S. WATSON, A MEMBER OF THE COMMITTEE ON HARNESS AT CALGARY.

The death occurred at the New Cross Hotel on Saturday, on Friday evening January 15th, at the age of 60 years, of Mr. George S. Watson, who until

his recent residence at Strathmore, had been taken to the hospital

where a week ago, suffering from appendicitis, for which cause he had been operated upon immediately following the operation, complications set in, in which he succumbed.

The late Mr. Watson, was born in Wales, Great Britain, thirty years ago, and moved to Colorado when quite a young man. He was a graduate of the Agricultural College, Colorado, and for seven years was engaged in teaching agriculture at the State Normal School, in Denver.

He came to Canada in 1912, and was for that year connected with the management of the Chateau Experimental Farm.

In the early part of 1916, he came to Strathmore and resided here for two months, dying, on Friday, January 15th, 1916, in his residence near the body of his beloved wife, Mrs. George S. Watson, who had been a widow for over a year.

The Patriotic Society would like to wish the ladies of the town and country to make all possible haste in completing their sewing as they are anxious of sending a shipment away very soon.

Will the ladies please remember to enclose a copy of your name and address.

George S. Watson, 100, Bow Street, Bow Ranger, Calg.

secure information regarding the purchasing of a suitable lot and the approximate cost of securing an acre of land. The members were invited to be in a position to report at the next meeting of the Council.

The question of delegates to the Convention of Rural Municipalities to be held in Edmonton in February next, was considered, and on the motion of Councillor H. B. Green, Reeve, Waterlow and St. John, W. G. Way, were appointed delegates to the Convention. The Hall Insurance Board will sit at this time and it is expected that some very interesting phases of their management will be announced.

Moved by Councillor Green, that the Council take a position to assist the Secretary in writing off the taxes. The secretary was instructed to go to the extent of the law in the collecting of all outstanding taxes.

A number of accounts were presented, which were passed upon, and will be paid in the ordinary course.

This concluding the business of the meeting, the council adjourned to meet again at the call of the Secretary.

Mr John B. Wilson, left last week and joined up with the 137th Bn., now recruiting in Calgary. Mr Wilson has been in the service of the R.C.A.F. for considerably over a year. Mr. Haines is very anxious to part with Mr. Wilson but did not try to dissuade him from his own convictions of his duty at this critical period in our nation's history.

**Seed Grain Should be  
Given a Commendation  
Test.**

Complaints have made on oats, wheat and barley this fall at the Duthie Seed Laboratories, of Calgary about there are considerable quantities of ear and header, particularly in Alberta, which are not fit for use, for seed. The average percentage general for Alberta oats is 10 per cent and more, and in Alberta oats have received no premium up to the standard which is 90 per cent. Moreover, the average percentage general for barley is 10 per cent and six days is as low as 50 per cent. Good oats should give a premium, say around 10 per cent to 10 per cent, and good barley should give a premium to 90 per cent of vital seeds. Samples of oats received from Manitoba show a somewhat lower. The average percentage general is 50 per cent and the average total count is 50 per cent. Many samples show evidence of insect injury, and in some cases living organisms of plant life both in the preliminary and final counts. Alberta barley has also given a poor record. The average percentage general for oats (6 days) would be 50 per cent and the average head (10 days) would be 70 per cent. These figures are based on laboratory tests of the durable proportion of Alberta oats and barley and Duthie Laboratories' oats are weak in vitality and underdeveloped for seed.

An copy of the first essentials for a good crop of any kind is good soil, a good climate and strong

germination energy and a high percentage of germinable seeds should be the rule. The average energy of a sample is measured by the number of seeds which germinate during the first four or five days of the test. The preliminary count, therefore, consists of a sample of oats to 50 per cent and the average energy of a sample of vital seeds. In this case the final counts would be the same. If, for example, the preliminary count on a sample of oats is 50 per cent the germination energy would be 50 per cent. But if the preliminary count is 40 per cent the germination energy is 40 per cent. Two samples may vary considerably in quality, but if the preliminary count is the same, but the final counts would be the same. If two samples were to be taken, one as good as the other, while in reality they may differ, the final counts would be the same. It will give more even stand in the field and a crop which will in all probability ripen earlier.

Farmers should satisfy themselves before sending time next spring that their seed grain is of the best in quality. This can be done by sending a sample to be tested either to the Duthie Seed Laboratories in Calgary, or to any reliable seed house. It will be necessary to pay a small laboratory fee for each sample for any individual or company to have their seed tested. The Duthie Seed Laboratories, 1000, Alberta and British Columbia, for most, should be approached. The Duthie Seed Laboratories, Box 1000, Calgary, Alberta, has paid postage paid for the sender. It is necessary to send a stamp for return postage. A sample of barley seed, half a cupful should be sent for testing, for oats a smaller size, one cupful, very fine if sufficient. If more than one sample of the same kind of seed is sent for test, each should bear some distinguishing mark on number.
